

Conference: “Experimental research and DER
integration in the EU Energy System”

October 10th 2013

AGENDA

Conference: “Experimental research and needs in support of the DER integration in the EU Energy System”

8:30-9:30	Registration
9:30-9:45	S. Besseghini (RSE): <i>Welcome & Introduction</i>
9:45-10:00	V. Efthymiou (Electricity Authority Cyprus - ETP): <i>The SmartGrids Research and Innovation in EU</i>
10:00-10:15	R. Bründlinger (AIT): <i>The ISGAN Network and the Smart Grid International Research Facility Network (SIRFN)</i>
10:15-10:30	G. Burt (Univ. Strathclyde): <i>DERlab Association of Laboratories</i>
10:30-10:45	E. Ciapessoni (RSE): <i>The EERA and the Electra Project</i>
10:45-11:15	Poster Session: “Research Infrastructures supporting projects and studies on DER integration” (opening)
11:15-11:30	L. Consiglio (ENEL): <i>The FP7 Grid4EU Project within the EEGI roadmap: a focus on the Italian Demo experience</i>
11:30-11:45	C. Carlini (RSE): <i>Development of the Active Grids Control within the Ricerca di Sistema Project</i>
11:45-12:00	W. Heckmann (IWES): <i>More PV to the grid - smart substation and demand response field trial</i>
12:00-12:15	P. Sonvilla (BSW-Solar): <i>Regulatory issues towards the large scale integration of DER on distribution grids</i>
12:15-12:30	P. Malbranche (CEA): <i>The Sophia Project</i>
Lunch	
13:30-13:45	Iñaki Grau Unda (Univ. Cardiff): <i>Integration of Electric Vehicles: the DERri User Project EVOLVE-MAS</i>
13:45-14:00	K. Mentesidi (CENER): <i>HIL tests in support of the studies on the DER integration: the DERri User Project DEIAgrid</i>
14:00-14:15	E. Rikos (CRES): <i>DER Integration and Market issues: the MIRABEL Project</i>
14:15-14:30	P. Kotsampopoulos (ICCS/NTUA): <i>New Operation paradigm to maximize the RES integration - the SuSAINABLE Project</i>
14:30-14:45	M. Menna (EC): <i>EC funded research: the Horizon 2020 perspective</i>
Open discussion and Conclusions	
Visit to RSE Test Facilities (M. Verga – RSE)
